

Engineers, Surveyors, Planners, Scientists

Sandra C. Doyle-Ahern, MEn *President*

Sandy Doyle-Ahern is the President of EMH&T, one of Ohio's largest professional engineering and survey firms. Sandy joined EMH&T in 1997, leading the company's first Environmental Department. Over the course of her 20 years with EMH&T, she worked to grow the environmental division as well as her career, and became EMH&T's first female shareholder in 2006 and vice president in 2008. Sandy was named president of the company in 2012.

Today Sandy is responsible for overall company management and focuses on client relationships, business development, quality control, and employee engagement. She guides the activities of almost 350 professionals and technical personnel – including civil engineers, surveyors, construction managers, environmental scientists, and land planners.

Her external leadership focus has allowed the company to be a part of many remarkable projects. From public infrastructure improvements and urban revitalization, to single- and multi-family developments, to design services for projects in healthcare, education, and energy, Sandy has guided EMH&T to leadership in both the public and private sectors in a diverse array of markets.

Sandy has also been instrumental in growing the company beyond the Midwest and Southeast regions where the company maintains offices, as well as extending to various projects throughout the United States and internationally, including major infrastructure projects in the nations of Canada, Tanzania and Ghana.

Sandy earned her BA in Biology from the University of Delaware and her Masters in Environmental Science and Water Resources from Miami University. She has received recognition from many organizations for her dedication and leadership, and was most recently named by *SmartBusiness Columbus* as one of the city's "Smart Women" for 2017.

Sandy lends her talent and leadership skills to a range of professional and civic organizations. She is currently serving on the boards of YWCA Columbus, The Nature Conservancy Ohio, the American Council of Engineering Companies of Ohio, the Childhood League and Columbus Academy. Sandy also serves on the advisory boards of the Miami University Institute for the Environment and Sustainability and the Affordable Housing Alliance of Central Ohio and is on the host committee for the Columbus Metropolitan Library Celebration of Learning.

Sandy resides in Blacklick, Ohio with her husband Michael and daughters Sasha and Aislinn.
